

OSG VO & User Support

Report to OSG Area Coordinators Meeting

April 6, 2010

Gaps and WBS items behind schedule

- 1) WBS 1.4.2: no staff available to “Analyze portfolio of VOs; recommend needed actions, with priority, to the OSG-ET”
- 2) WBS 1.4.3: no staff available to “Quarterly summary of VOs plans, needs, and issues to the OSG-ET & OSG-EB”
- 3) WBS 1.4.5.2: no staff available to “Organize F2F Annual OSG VOs & Users Meeting”

Recently Completed Work

- 1) Various tutorials organized at VO forum
- 2) Co-organize VO session at OSG-AHM meeting
- 3) LSST production demo for image simulation; now trying to enlist them in setting up their own submit infrastructure
- 4) GEANT4 release 9.4 validation on OSG
- 5) OpenSEES (NEES) execution prove-in on OSG

Upcoming Initiatives

- 1) Kick-off requirements gathering with VO in May 2011 for OSG year6 (WBS 1.4.1)
- 2) Clean up VO Forum mailing list
- 3) Plan and deploy submit infrastructure for new User Support communities
- 4) DES use and testing with Globus Online
- 5) Production demo with NEES OpenSEES using HUBzero
- 6) eNMR as a SBGrid partner
- 7) SURAGrid as a new OSG VO

Proposed WBS Additions/Deletion

- 1) Drop 1.4.2, 1.4.3, 1.4.5.2
- 2) Add various specific community support items under 1.4.7
