

OSG Release

2013 OSG Planning Retreat
Tim Theisen
2013-06-04

Work to Date

- Observing existing process
- Released 3.1.18 (smallish patch)
- Working on 3.1.19

Staffing

Institution	Person	FTE	Notes
UW-Madison	Tim Theisen	0.5	0.5 HTCondor Release Manager
UW-Madison	Brian Lin	0.5	0.5 OSG Software
U of Chicago	Suchandra Thapa	0.5	0.5 OSG Software
FNAL	Neha Sharma	0.5	Until Production position filled
BNL	Xin Zhao	0.2	

Issues

- Testing is Ad Hoc
 - Hard to tell what was tested
 - Time wasted coordinating with developer
- Hard to get Testing Resources
 - ITB resources are somewhat thin
 - Can't depend on when testing gets done
 - Getting packages late from Software team

Future Plans (short term)

- Inventory of Testers
 - Have an idea of who can test what
 - Have an idea of expected turn-around
- Have some way to know what has been tested
 - High level test plan in ticket?
