

# OSG Sustainability Discussion

Jim Shank

OSG Council Meeting. 2-3 Oct. 2013. University of Chicago

# Background

- **Interim Report on OSG Sustainability (Feb. 2013)**
  - **Linked on the Council Twiki**
    - **Recommendations**
      - Describe future needs
      - Needed changes in operation and business models
      - Identify how one might depend on other organizations to provide needs if OSG cannot.
    - **Pay for services**
      - Some examples in helping campus make use of OSG infrastructure, including pilot service at UW

# More on Pay for Service

- Possible services identified:
  1. VOMS hosting
  2. WMS development
  3. Site Security organization
  4. Packaging of grid interfaces
  5. Training
  6. Monitoring

# Discussion...

- What services VOs may need in addition to what is currently provided by OSG through the current funded program of work ?
- 2016 and beyond....
