

# Metrics and Measurements

Area Coordinators Meeting

Brian Bockelman

Jan 28, 2010

# Since Last Time

- OSG Display (<http://display.grid.iu.edu>) under construction.
- Gratia accounting – focusing on transfers and storage.
- Consistency – OSG 1.2.6 will reflect work in this area.
- Handed off yearly metrics report to Jim Weichel.

# WBS Items

- Staying caught up on the all-year items (liason to Gratia, MyOSG, JOT reports)
- Maintenance and long-term sustainability metrics are going well.
  - Slightly behind on getting [t2.unl.edu/gratia](http://t2.unl.edu/gratia) deployed at GOC.
- Furthest behind on:
  - 12 network metrics. Been bumped by OSG display
  - Info services consistency write-ups.
  - Reviewing metric thumbnails (but this has been offloaded to Jemise/Marcia since last month).
