
Presentation Title

Open Science Grid

THE UNIVERSITY OF
CHICAGO

OSG Site Administrators workshop
Indianapolis
August 6-7 2009

Marco Mambelli
marco@hep.uchicago.edu
University of Chicago

Changes to slide master

- You can add your (your Institution's) logo in the upper right corner (next to the title)
- The institution logo on the first page can be edited in the first page replacing the UofC one, no need to change the master. The UofC logo is on the first page directly, not in the master.

First page

- Change/add:
 - ☐ Title
 - ☐ Presentation date
 - ☐ Your name
 - ☐ Your Email (contact information is important)
 - ☐ Your institution
- Remove the UofC logo and if you like add yours (the one of your institution)

Header and Footer

- Set the correct date
- Modify the footer as you like, e.g.:
 - Presentation title
 - Short version of presentation title
 - Presentation title – Your name

Other notes

- Possibly include at the end a slide with pointers to reference documentation and, if appropriate, contact information for help and support (email, ticket system)
