

VO/Name	VO/LongName	VO/Community	FieldsOfScience/Field
ALICE	ALICE collaboration, High Energy Physics experiment at CERN	HEP	HEP
ALICE	ALICE collaboration, High Energy Physics experiment at CERN	HEP	Physics
ATLAS	United States ATLAS Collaboration	The ATLAS physics community.	USLHC
ATLAS	United States ATLAS Collaboration	The ATLAS physics community.	HEP
ATLAS	United States ATLAS Collaboration	The ATLAS physics community.	Physics
CDF	Collider Detector at Fermilab	The Collider Detector at Fermilab (CDF) experimental collaboration is co-	HEP
CIGI	CyberInfrastructure and Geospatial Information Laboratory	CIGI VO consists of members from earth and social sciences communities	Community Grid
CIGI	CyberInfrastructure and Geospatial Information Laboratory	CIGI VO consists of members from earth and social sciences communities	Ecology
CIGI	CyberInfrastructure and Geospatial Information Laboratory	CIGI VO consists of members from earth and social sciences communities	Earth Sciences
CIGI	CyberInfrastructure and Geospatial Information Laboratory	CIGI VO consists of members from earth and social sciences communities	Computer Science
CIGI	CyberInfrastructure and Geospatial Information Laboratory	CIGI VO consists of members from earth and social sciences communities	Geographic Information Science
CMS	Compact Muon Solenoid	Members of the CMS collaboration based in the United States	USLHC
CMS	Compact Muon Solenoid	Members of the CMS collaboration based in the United States	HEP
CMS	Compact Muon Solenoid	Members of the CMS collaboration based in the United States	Physics
CompBioGrid	CompBioGrid	CompBioGrid accepts as members the users, developers, and administrators	Cellular Biology
DayaBay	Daya Bay Reactor Neutrino Experiment	The Daya Bay Neutrino Experiment is a neutrino-oscillation experiment	High Energy Physics
DES	Dark Energy Survey	Dark Energy Survey	HEP
DES	Dark Energy Survey	Dark Energy Survey	Physics
DES	Dark Energy Survey	Dark Energy Survey	Astronomy
DOSAR	Distributed Organization for Scientific and Academic Research	A community of researchers interested in furthering the development of HEP	HEP
DOSAR	Distributed Organization for Scientific and Academic Research	A community of researchers interested in furthering the development of	Computer Science
DOSAR	Distributed Organization for Scientific and Academic Research	A community of researchers interested in furthering the development of	Materials Science
DZero	D0 Experiment at Fermilab	The D0 experiment is a high energy physics experiment collecting data at	HEP
DZero	D0 Experiment at Fermilab	The D0 experiment is a high energy physics experiment collecting data at	Physics
Engage	Engagement	The OSG Engagement activities are the community served by this VO.	Community Grid
Fermilab	Fermi National Accelerator Laboratory	Fermilab Virtual Organization (VO) includes all Fermilab grid computing	High Energy Physics
geant4	Geant4 Software Toolkit	Geant4: simulation toolkit for high energy physics experiments and bion	HEP
geant4	Geant4 Software Toolkit	Geant4: simulation toolkit for high energy physics experiments and bion	Physics
geant4	Geant4 Software Toolkit	Geant4: simulation toolkit for high energy physics experiments and bion	Technology
GLOW	Grid Laboratory of Wisconsin	The Grid Laboratory of Wisconsin is a campus-wide distributed computing	Community Grid
GlueX	GlueX experiment at Jefferson Lab	The GlueX collaboration at Jefferson Lab is dedicated to the study of quark	Nuclear Physics
GlueX	GlueX experiment at Jefferson Lab	The GlueX collaboration at Jefferson Lab is dedicated to the study of quark	High Energy Physics
GPN	Great Plains Network	This VO will support the Great Plains Network community, a set of regional	Community Grid
GRASE	Group Researching Advances in Software Engineering at University	The Center for Computational Research supports more than 100 faculty-	Computer Science
GridUNESP	SvEo Paulo State University Grid	The purpose of GridUNESP is to supply computing resources for the resea	Physics
GridUNESP	SvEo Paulo State University Grid	The purpose of GridUNESP is to supply computing resources for the resea	Biochemistry
GridUNESP	SvEo Paulo State University Grid	The purpose of GridUNESP is to supply computing resources for the resea	Biophysics
GridUNESP	SvEo Paulo State University Grid	The purpose of GridUNESP is to supply computing resources for the resea	Cellular Biology
GridUNESP	SvEo Paulo State University Grid	The purpose of GridUNESP is to supply computing resources for the resea	Medicine
GridUNESP	SvEo Paulo State University Grid	The purpose of GridUNESP is to supply computing resources for the resea	Molecular Biology
GridUNESP	SvEo Paulo State University Grid	The purpose of GridUNESP is to supply computing resources for the resea	Chemistry
GridUNESP	SvEo Paulo State University Grid	The purpose of GridUNESP is to supply computing resources for the resea	Earth Sciences

GridUNESP	SvEo Paulo State University Grid	The purpose of GridUNESP is to supply computing resources for the resea	Engineering
GridUNESP	SvEo Paulo State University Grid	The purpose of GridUNESP is to supply computing resources for the resea	Bioinformatics
GridUNESP	SvEo Paulo State University Grid	The purpose of GridUNESP is to supply computing resources for the resea	Nuclear Physics
GridUNESP	SvEo Paulo State University Grid	The purpose of GridUNESP is to supply computing resources for the resea	High Energy Physics
GridUNESP	SvEo Paulo State University Grid	The purpose of GridUNESP is to supply computing resources for the resea	Materials Science
GridUNESP	SvEo Paulo State University Grid	The purpose of GridUNESP is to supply computing resources for the resea	Biomedical research
GROW	Grid Research and Education Group at Iowa	Grid computing/application communities within the state of Iowa and the	Community Grid
I2u2	Interactions in Understanding the Universe Initiative	Fermilab educational outreach program teachers and students involved in	Technology
I2u2	Interactions in Understanding the Universe Initiative	Fermilab educational outreach program teachers and students involved in	Education
IceCube	IceCube Neutrino Telescope	High energy physicists participating in the IceCube Collaboration.	HEP
IceCube	IceCube Neutrino Telescope	High energy physicists participating in the IceCube Collaboration.	Physics
ILC	International Linear Collider	This VO is for people doing ILC detector and accelerator simulation.	HEP
ILC	International Linear Collider	This VO is for people doing ILC detector and accelerator simulation.	Physics
JDEM	Joint Dark Energy Mission, Science Operations Center	Astrophysics science.	Physics
JDEM	Joint Dark Energy Mission, Science Operations Center	Astrophysics science.	Astrophysics
LIGO	Laser Interferometer Gravitational-Wave Observatory	The LIGO Scientific Collaboration	Gravitational Physics
mariachi	Mixed Apparatus for Radar Investigation of Cosmic-rays of	This virtual organization is for scientists, support personnel, teachers, an	HEP
MIS	OSG Monitoring Information System	operations, monitoring, accounting vo https://grid03.uits.indiana.edu:8444/	Technology
nanoHUB	nanoHUB Network for Computational Nanotechnology (NCN)	The nanoHUB is a web-based initiative spearheaded by the NSF-funded	Physics
nanoHUB	nanoHUB Network for Computational Nanotechnology (NCN)	The nanoHUB is a web-based initiative spearheaded by the NSF-funded	Chemistry
