

Subject: SPRING CALL FOR OSG PUBLICATION INFO

From: David Ritchie <ritchie@fnal.gov>

Date: Sat, 10 Apr 2010 10:26:08 -0500

To: "Ruth Pordes" <ruth@fnal.gov>, "Kent Blackburn" <kent@ligo.caltech.edu>

CC: Abhishek Rana <rana@fnal.gov>, "David Ritchie" <ritchie@fnal.gov>, "Chander Sehgal" <cssehgal@fnal.gov>

Dear Ruth and Kent,

According to the OSG Scientific Publications Procedure page at:

<https://twiki.grid.iu.edu/bin/view/Management/OSGScientificPublicationsProcedure>

and the [WBS](#) elements 1.4.4.5, 3.2.3.1, and 3.2.3.2, Abhishek Rana and I are tasked to solicit references to papers whose content indicates a benefit from, or contribution to, the Open Science Grid.

With this e-mail, we request you to:

1. Please inform the VO members of the consortium that we will begin soliciting for such publications and citations on April 20, 2010 with a request for works completed since June 30, 2009.
2. Please ask VO members of the Consortium to send their references, designated according to one of the three categories listed below, to <mailto:osg-contact@opensciencegrid.org>, and
3. If a VO member does *not* have any such publications, please ask the members to reply explicitly "NO SUCH PUBLICATIONS" in order that we are certain of each member's response.

Once we have this information in hand, we will post the new publication information at the [Scientific Publications Page](#) under one of the three following categories :

Scientific Publication

Publication of the OSG and related projects

OSG papers for General Reference

We will also submit it to others in OSG who are charged with preparing the annual report to NSF / DOE.

Thank you.

David J. Ritchie <ritchie@fnal.gov>

Abhishek Rana <rana@fnal.gov>
