

GRACC Project Status - Jan 18 2017

- Project meeting at Fermilab in mid-Dec. Detailed status report:
<https://docs.google.com/document/d/1MeyvPqii04mNEucyuvbiI5rPjD5ARzorFKiyMc659z8/edit?usp=sharing>
- Several critical items remaining for “GRACC Version 1” production release:
 - Njobs added to summary (GRACC-41)
 - Clean duplicates and “bad” records (GRACC-40)
 - Tape backups (GRACC-59)
 - Agent instability (GRACC-63)
 - Reports (GRACC-19, etc)
- V1 release by AHM; public rollout there?
- Many outstanding or in-progress features beyond critical functionality, prioritized in JIRA.

Architecture
