Hi Area Coordinators & Bo,

We are beginning to assemble the OSG annual report for year3 and thus I need your inputs **back to me by Feb 11 or sooner.**

The writing assignments are as below (and also in the attached outline); for reference you can find last year's report at http://osg-docdb.opensciencegrid.org/cgi-bin/ShowDocument?docid=1184 .

Can Mine and Rob Quick please coordinate on who will describe OSG PKI service? II don't think we need pieces in two different sections.

Please spend some quality time on this matter; I am looking for "ready-to-publish" input as a Word file for your section. If you have any concerns about meeting the due date, please contact me.

Thanks,

Chander
