Open Science Grid

25–29 July 2016
University of Wisconsin–Madison

OSG USER SCHOOL 2016

Harness the power of distributed computing

- ✦ Use high-throughput computing (HTC) and Open Science Grid (OSG)
- ✦ Learn how to access & use thousands to millions of hours of computing
- ✦ Get help handling *lots* of data (gigabytes, terabytes)
- ✦ Learn by doing — lots of hands-on activities
- ✦ Taught by faculty & staff who work with distributed computing daily

Ideal for graduate students (and others!) whose research involves large-scale computing:

Physics · Biology · Chemistry · Statistics · Economics Medicine · Engineering · Comp Sci · Psych · More!

More info + Financial support + Application (due 15 April 2016):
