Edits to slide master

- You can add your (your Institution's) logo in the upper right corner (next to the title)
- The one on the first page can be edited in the first page replacing the UofC one, no need to change the master

First page

- Change/add:
  - Title
  - Presentation date
  - Your name
  - Your Email (contact information is important)
  - Your institution
- Remove the UofC logo and if you like add yours (the one of your institution)

Presentation format

Header and Footer

- **Set the correct date**

- **Modify the footer as you like, e.g.:**
  - Presentation title
  - Short version of presentation title
  - Presentation title – Your name

Other notes

- Possibly include at the end a slide with pointers to reference documentation and, if appropriate, contact information for help and support (email, ticket system)
